PROFESSIONAL SUMMARY

Motivated and detail-oriented MERN Stack Developer with 2+ years of professional experience in developing and maintaining dynamic web applications. Proficient in React.js, Node.js, Express.js. Demonstrated ability to work collaboratively in a team environment and effectively manage individual project tasks.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript(ES6+), TypeScript, Redux, Context API, HTML5, CSS3, Shadcn UI

Backend / APIs: Node.js, Express.js, Adonis.js, RESTful API Design, JWT Authentication

Database: MongoDB, MySQL

Methodologies: Agile, Scrum

Developer Tools: Git, GitHub, GitLab, Axios

PROFESSIONAL EXPERIENCE

Rwaltz Software [🔗](#)

Nov 2025 - Present

Software Engineer

Nashik, Maharashtra

- As a Software Developer at Rwaltz Software, Built and integrated secure RESTful APIs, authentication, and Role-Based Access Control (RBAC) using **Node.js**, **React.js**, and **Adonis.js**. Collaborated with cross-functional teams in Agile sprints to deliver end-to-end features, optimize application performance, and ensure code quality through reviews and best practices.
- Optimized backend API services using **AdonisJS** and improved **MongoDB query performance** through better filtering and query structuring.
- Quickly adapted to new technologies and frameworks by understanding the existing codebase and contributing to live production systems.

SINSS Digital [🔗](#)

Feb 2025 - Oct 2025

Web Developer

Nashik, Maharashtra

- Developed and customized websites as per client requirements, ensuring high-quality UI/UX and responsiveness.
- Collaborated directly with clients to understand their needs and translate them into functional and visually appealing web solutions.
- Optimized website performance, SEO, and accessibility for better user engagement and conversions.
- Managed project timelines and provided technical support for clients post-deployment.
- Used Modern tech for web development such as Next.js, React.js, Typescript, framer motions, Wordpress, Shopify, etc.

Paarsh Infotech Pvt. Ltd. [🔗](#)

July 2024 - Jan 2025

MERN Stack Developer

Nashik, Maharashtra

- Gained hands-on experience with **Full Stack development** using React.js, Node.js, Express.js, MySQL, and TypeScript.
- Built and deployed the application on a Hostinger VPS platform, ensuring robust and scalable hosting.
- Worked on an eLearning platform, handling backend responses and integrating dynamic data into the frontend.
- Designed and developed a backend server using Express.js, implementing RESTful APIs to handle dynamic data and ensure efficient communication between the frontend and the database.
- Implemented secure **user authentication**, managed state using **Redux**, and validated data using **Zod** schemas.
- Built and maintained **protected routes** and **reusable components**, ensuring scalability and reusability.
- Managed databases and developed responsive front-end interfaces using **React.js**, **CSS**, **JavaScript**, and **TypeScript**.

PROJECTS

PetExpress | React.js, Adonis.js, MySQL, Typescript

May 2026

- Developed a scalable multi-portal pet-care platform featuring secure AdonisJS APIs, a loyalty and rewards engine, partner management, role-based authentication, and React-powered partner portals. Built to connect pet owners with businesses through a modern, high-performance SaaS architecture.
- Developed and maintained the backend APIs using AdonisJS and TypeScript.
- Built business logic for rewards, loyalty points, partner management, and visit tracking. Implemented role-based authentication and authorization for Admin, Partner, and Pet Parent portals.

Rwaltz Web Platform | React.js, Adonis.js, MySQL, Typescript

June 2026

- Developed a production-ready enterprise platform featuring a secure AdonisJS API, RBAC-enabled React admin dashboard, and SEO-optimized corporate website.
- Implemented role-based authentication and fine-grained permission management. Developed CRUD APIs for projects, blogs, case studies, testimonials, careers, FAQs, newsletters, and enquiries.
- Developed CRUD APIs for projects, blogs, case studies, testimonials, careers, FAQs, newsletters, and enquiries. Integrated AWS S3 for media uploads and file management.

ELearning Platform | React.js, Tanstack Query, JavaScript, Tailwindcss, Appwrite

Jan 2025

- Built a production-ready admin dashboard and web app for managing courses, categories, users, instructors, enrollments, and media assets. Developed secure REST APIs, authentication, role-based access, and reusable React components while deploying the platform on a VPS for reliable production hosting.
- Built responsive user interfaces using React and integrated them with backend services. Built reusable components to improve scalability and maintainability.
- Worked on feature development, bug fixes, and performance improvements throughout the project.

EDUCATION

SPPU - Savitribai Phule Pune University

2021-2024

B.E - Electronics and Telecommunication Engineering - CGPA - 7.66

Nashik, Maharashtra
